If you have any news you would like to be included in our newsletter please forward the details to Cyndi at cmetz5@eq.edu.au by Wednesday of the week you wish it to be added.

Thank you.

Tinaroo Sailing Club is holding a ‘Discover Sailing’ Open Day.

When: Sunday 26 October between 10am and 12 noon.

Where: At the clubhouse in Black Gully Rd, Tinaroo.

Who: Anyone, young or not so young.

More information: tinaroo.yachting.org.au

Come along and have a try!

House wanted to rent in the Mt Molloy or Julatten area for a young family wanting to move into the community.

Please contact Cyndi at the school or e-mail details to cmetz5@eq.edu.au

Swimming Lessons
From the Principal

This year will mark the final year that Year 7 will be a part of primary school in Queensland. At the end of the school year, we will say farewell to both our Year 6 and Year 7 students as they join approximately 100,000 students who will enter high schools across Queensland.

For the past three years, 20 state schools have been piloting the move of Year 7 students to high school. These pilot schools have generously shared their learning and insights with all schools in Queensland. A review of the pilot program was recently completed and four key insights have emerged: focus on transition, invest in your people, understand the adolescent learner and seek regular feedback.

To provide a smooth transition we are supporting students and parents, and working with our local high schools to ensure the move is a great success.

If you have any specific questions or concerns related to the transition of Year 7 to high school, please contact us or the high school where you are planning to send your child.

From the Classrooms

This week in class in English we are learning about poems and their meanings. In Maths we are learning about measurement. In Science we are learning about mix, make and use, materials and their properties. In History we are learning about places in our local community and their historical significance.

By Cassia.

From the Garden

We're crushing pumice into small pieces, not quite into powder, to lighten our potting mix and garden soil. Crushing pumice is quite easy – slow and steady work but eventually you are rewarded with a small amount of free, local, recycled product for the garden. We have an order for 30 rosemary plants so Jasper, Jayden B and Nardyne prepared 60 cuttings for propagation. Others saved seed and planted seedlings in their keyhole beds. We ended our busy session sampling fresh lettuce roll-ups filled with asparagus, tomato and capsicum, and Peter brought in some produce including watermelon.

From the Kitchen

The junior children and staff enjoyed fresh cheese-filled herb bread rolls on Tuesday. We chose herbs from the kitchen garden to add to our rolls. The children enjoyed smelling the different herbs and choosing which ones they would add. Any donations of surplus produce that we can utilise in the kitchen will be well received.

From the P and C

P&C Meeting 5pm
Mt Molloy School
27th October 2014
Donations of cakes, sweets etc are needed to sell at the Halloween disco. Proceeds raised will help pay for the school magazine.

If you can help please drop off contributions to the hall or the school on Friday 31st October after 12pm. For alternative arrangements please call Melissa on 4094 1341.
