Photos wanted for the school magazine

If you have any photos from the Freaky Friday Disco could you please send a copy in to the school, USB would be ideal and will be returned.

---

Reminder

For children’s safety the school car park is for staff parking only.

---

Please check your children’s hair as we have had a case of head lice in the school. Children are to be excluded until treated appropriately.

---

Important Notice

Flying Fish

Need to bring a long sleeved shirt and long pants, shoes and socks on Tuesday 11th November for swimming.
From the Principal

Thank you to all those families who have been parking outside the school for drop offs and pick ups. Our student’s safety is of the utmost importance.

We are now halfway through the term and our last swimming lesson is next Tuesday with the final assessment for all levels. I am extremely proud of how all the students have worked to their full potential and some have been challenged significantly, yet all have achieved fantastic results.

Our historical walk was very interesting and we learnt a lot about Mt Molloy and the local area. We are continuing to learn about our local history and are identifying significant historical sites we think should be preserved for future generations. Many thanks to Belinda and Lisa for teaching us about the history of their buildings. We will be going on another walk in a few weeks time to look at some more historical sites.

Attendance is important in the last term of school as we are finishing up the learning that is needed for that year level. Please make sure your children are attending regularly.

From the Classrooms

In Maths we have been doing algebra which includes patterning and backtracking. Mr Harrison makes patterning sheets. In Kitchen we are learning about bread. We are making lots of bread and it is delicious.

In English we are reconstructing poems. To reconstruct a poem, you have to have rhythmic patterns and rhyming words.

In Science we are doing strength tests on different materials and also we are doing water resistance tests.

By Bodie and Finn.

From the Garden

This week Year 5-7 students learnt about using manures in the garden and will hopefully be on the prowl for locally sourced manures from happy, healthy animals. Capsicums, sorry, CHILLIES were harvested (we all got a nasty shock) as well as kohlrabi which was cut into julienne strips. Tomatoes and corn (thanks to Peter) and cucumber and lettuce from the garden were ingredients for our roll-up challenge which Marina won. Thankyou volunteers Maria, Margaret and Peter for assisting.

From the Kitchen

Our junior chefs had fun on Tuesday making twisted bread rolls. The technique of rolling the dough to make it twist proved to be quite challenging but was well worth the effort as the smell of freshly baked bread filled the kitchen.

From the P and C

Thank you to everyone who donated, volunteered or attended the Freaky Friday Disco on Friday night. Money raised is being used to help fund this year’s school magazine.
